

# RED LINE® SUPERCool® EXTREME

- Formerly known as Supercool® With WaterWetter®. Same formula, new name and look.
- Convenient, pre-mixed coolant for motorcycles, ATVs, karts, etc.-pour and go!
- Blended with purified, deionized water and proper WaterWetter percentage
- Reduces rust, corrosion and electrolysis, cleans and lubricates water pump seals
- Compatible with all antifreeze and coolant
- Satisfies ASTM D2570 and ASTM D1384 corrosion tests for glycol-based antifreezes
- Contains no ethylene glycol

## PACKAGE SIZES:

80205 - SuperCool Extreme - 64oz (1/2 gallon)

## ABOUT RED LINE WATER WETTER COOLANT ADDITIVES

- Reduces or eliminates bubbles or vapor barrier that form on hot metal surfaces to reduce coolant temperatures by up to 20°
- Superior heat transfer properties compared to glycol-based antifreeze
- Compatible with new or used antifreeze to improve the heat transfer of ethylene and propylene glycol systems
- Improves heat transfer and reduces cylinder head temperature
- Designed for use with all modern aluminum, cast iron, copper, brass and bronze cooling systems
- Cleans and lubricates water pump seals
- Reduces cavitation and complexes with hard water to reduce scaling
- Does not lower cooling system below the thermostatically-controlled temperature
